SKILLS

Technical Skills : HTML, CSS, JavaScript, React.JS, Express, Node.JS, Mongoose, MongoDB, GitHub, SDLC.

SOFT SKILLS

Problem-solving, Time management, Adaptability, Communication

PROJECTS

Prescription and Medication Management Tool

A modern, full-stack web application for managing prescriptions, medications, reminders and more. Built for patients, doctors, and admins

- Implemented secure user authentication (signup, login, logout) with input validation.
- Developed comprehensive medication management features allowing users to perform CRUD operations.
- Built an intelligent reminder system using cron jobs and Redis for scheduling, with multi-channel notifications.
- Created an analytics dashboard with Chart.js visualizations for medication adherence tracking and trend analysis.

Tech Stack : JavaScript, React, Node.js, Express, MongoDB, Redis, JWT, Chakra UI, Chart.js, Cloundinary, Netlify, Render([Deployed Link](#))([Github](#))

MemeHQ Application

MemeHQ is a modern, feature-rich meme sharing platform that allows users to create, share, and discover memes in a beautiful and intuitive interface.

- Implemented secure user authentication (signup, login, logout) using Firebase Authentication.
- Developed comprehensive CRUD operations for user-generated meme content using Firebase Firestore.
- Designed and built an intuitive meme creation interface with drag-and-drop functionality
- Incorporated real-time data updates for likes, comments, and content feeds using Firebase Firestore.

Tech Stack : JavaScript, HTML5, CSS3, Firebase, Netlify.([Deployed Link](#))([Github](#))
